

# NUTRITIONAL MANAGEMENT IN CHILDREN WITH TYPE 1 DIABETES: CURRENT SITUATION AND CONTROVERSIAL ISSUES

26 June 2021  
10 - 11 am (Turkey time)

**“ Dr. Carmel E Smart (APD, PhD)**  
*John Hunter Children's Hospital,  
Newcastle, Avustralya*

”

Dr Carmel Smart, has worked with children and families as a paediatric diabetes dietitian at the John Hunter Children's Hospital for over 25 years. Her involvement in national and international diabetes clinical care guidelines further supported the need for more scientific evidence to guide diabetes management. She is a senior diabetes dietitian and leads the nutritional management of children with Type 1 Diabetes. She was invited as a lead author on the American Diabetes Association Clinical Nutrition Guidelines and International Society of Pediatric and Adolescent Diabetes (ISPAD) Nutritional Management Guidelines. Dr Smart is a Conjoint Senior Lecturer with the University of Newcastle.
